

# Let's research migratory birds!

Do research using a bird field guide or on the Internet.

Write the name of the bird

Which bird family is it from?

How large is it?

What sound does it make?

Write down visible details such as color or feather pattern

What does it eat?

When does it migrate? Where does it come from and go to?  
What is the purpose?

Write down your observations/thoughts

Attach a photo or draw a picture of it

Draw its migration route
