

# About This Report GR12-2 GR12-3 GR12-4 GR12-5

Canon's Sustainability Report provides detailed, comprehensive disclosure to help our various stakeholders gain a deeper understanding of Canon's approach to sustainability, as well as our sustainability framework and specific initiatives.

The 2024 Report includes initiatives to address social issues through products, technologies and solutions, technologies exhibited at Canon EXPO 2023 that are poised to change lifestyles and society in the future, and technologies that will lead to decarbonization and resource recycling. We also summarize progress made with regard to the six materiality themes we have identified in the areas of the environment and society.

Our Data Summary (available as a separate PDF) provides information related to society and the environment. Some of the data in the Data Summary and the Sustainability Report has been subject to third-party review for enhanced data integrity.
