

VIVID Activities Policy

- Respecting diversity as an important issue, promote the introduction of new systems across the Canon Group, seeking to replace existing systems, and strive to change employees' thinking and awareness of diversity issues.
- Revise HR policies and workplace conditions to avoid any limitations or restrictions being placed on the career opportunities afforded to talented people with the ambition to succeed.
- Promote internal/external dissemination of information on diversity promotion activities to help identify/develop role models and encourage wider adoption of best workplace practices.
